

## Forthcoming Events

### Half-Day SCA Prep Course

Wednesday 20 March, 13:30 - 17:30

Online via Zoom

This is a short, intensive half-day course because we realise how difficult it is to concentrate for prolonged periods online.

It is delivered by experienced RCGP examiners and Training Programme Directors and focuses on the consulting skills which are most likely to improve your performance in the SCA exam, and for the rest of your career.

Large group discussion of the skills is supplemented by small group work to practice these skills.

Work to be completed before the course will ask you to consider the importance of various consulting skills. This will include a video discussing one aspect of consulting. There will also be time for questions during and following the course.

Pricing: Members - £128 | Non-members - £154.
